

## **Ministries & Agendas**

### **1. Ministry of Labour and Employment**

#### ***Agenda – Addressing Rising Unemployment Owing to the Covid19 Pandemic and Evolution in Technology***

With the rapid technological advancement of recent years, computers are increasingly encroaching on domains that were previously considered exclusively human. The astonishing progress in such areas as artificial intelligence (AI), robotics, 3D printing and genetics has enabled computers to perform the tasks of architects, medical doctors, music composers and even a 16th century Dutch master of painting. Advancements such as drone delivery equipment, high tech automobile machines can hamper human employment to great extent.

The committee will outline the problems and their repercussions pertaining to the loss of employment. Then, it would suggest virile solutions to handle the problem in such a way that high end technology is not compromised.

#### **MINISTRY- MATRIX**

<b>RATAN TATA – JHARKHAND</b>	<b>SRIDHAR VEMBU – TAMIL NADU</b>
<b>KAILASH SATYARTHI – MADHYA PRADESH</b>	<b>SHANTA SINHA – ANDHRA PRADESH</b>
